BOOKLET

# 1. ABSTRACT

The main purpose of the project is to creating an online book store that allows user to buy, search and check reviews of a book based on title, author and subject categories. The selected books will open into a new window and show all details and description of that particular book and with an option to add to cart, then users can purchase that book through payment.

## 2. INTRODUCTION

### 2.1. GENERAL –

Introducing my project “BOOKLET” based on an online book selling website using HTML, CSS, Javascript, PHP & Bootstrap. HTML for using layout of the website, CSS for designing, Bootstrap for making it compatible and responsive, Javascript for its logic and PHP for backend coding or hosting.

The word "BOOKLET" is displayed in a large, hollow, outline font style, centered within a black rectangular border.

### 2.2. SYSTEM REQUIREMENTS –

#### HTML

The Hyper Text Markup Language or HTML is the standard markup language for documents designed to be displayed in a web browser.

#### CSS

Cascading Style Sheets is a style sheet language used for describing the presentation of a document written in a markup language such as HTML.

## JAVASCRIPT

JavaScript, often abbreviated JS, is a programming language that is one of the core technologies of the World Wide Web, alongside HTML and CSS.

## BOOTSTRAP

Bootstrap, the world's most popular framework for building responsive, mobile-first sites, with jsDelivr and a template starter page.

## PHP

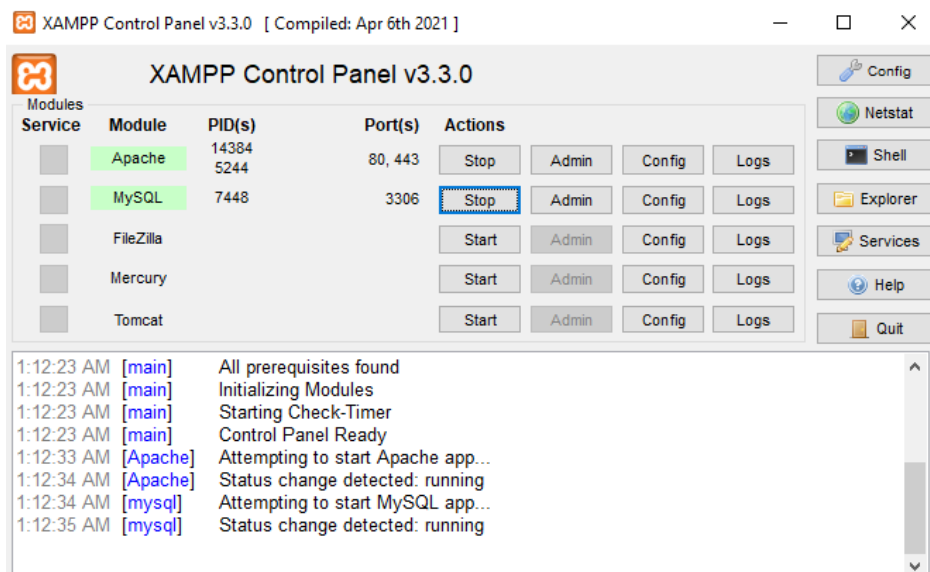

PHP is a general-purpose scripting language geared toward web development.

IDE used for this project: Visual Studio Code.

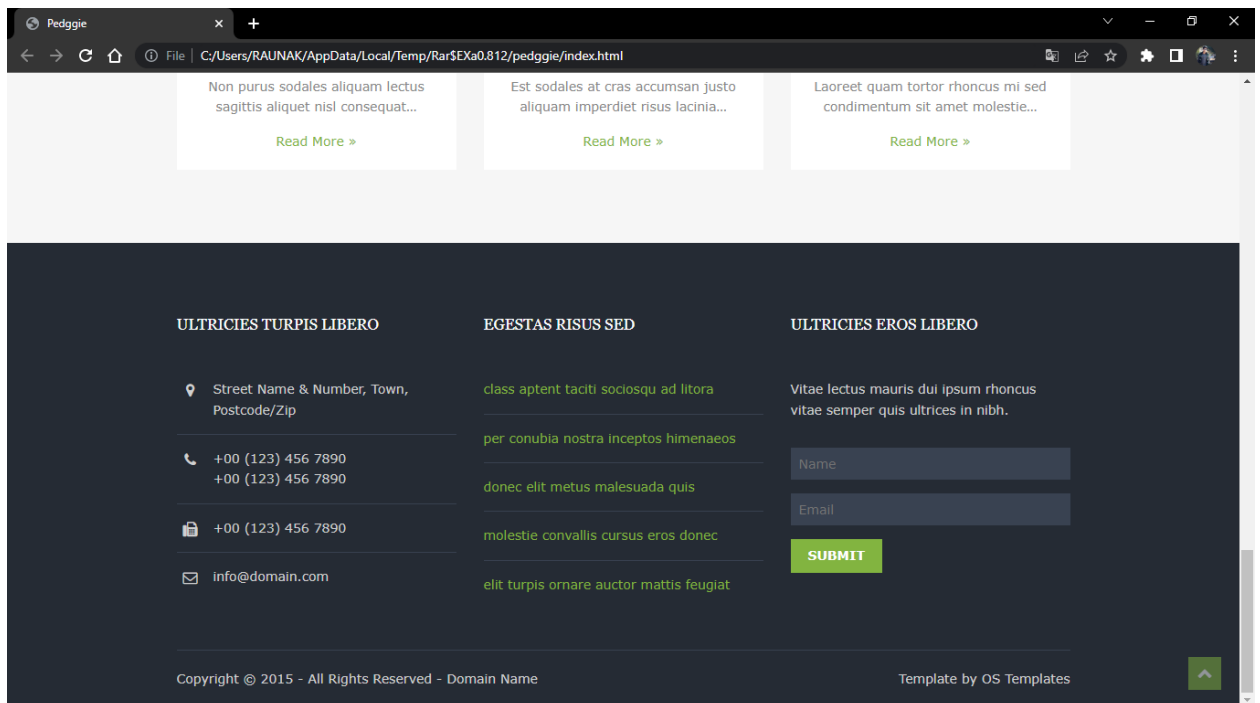

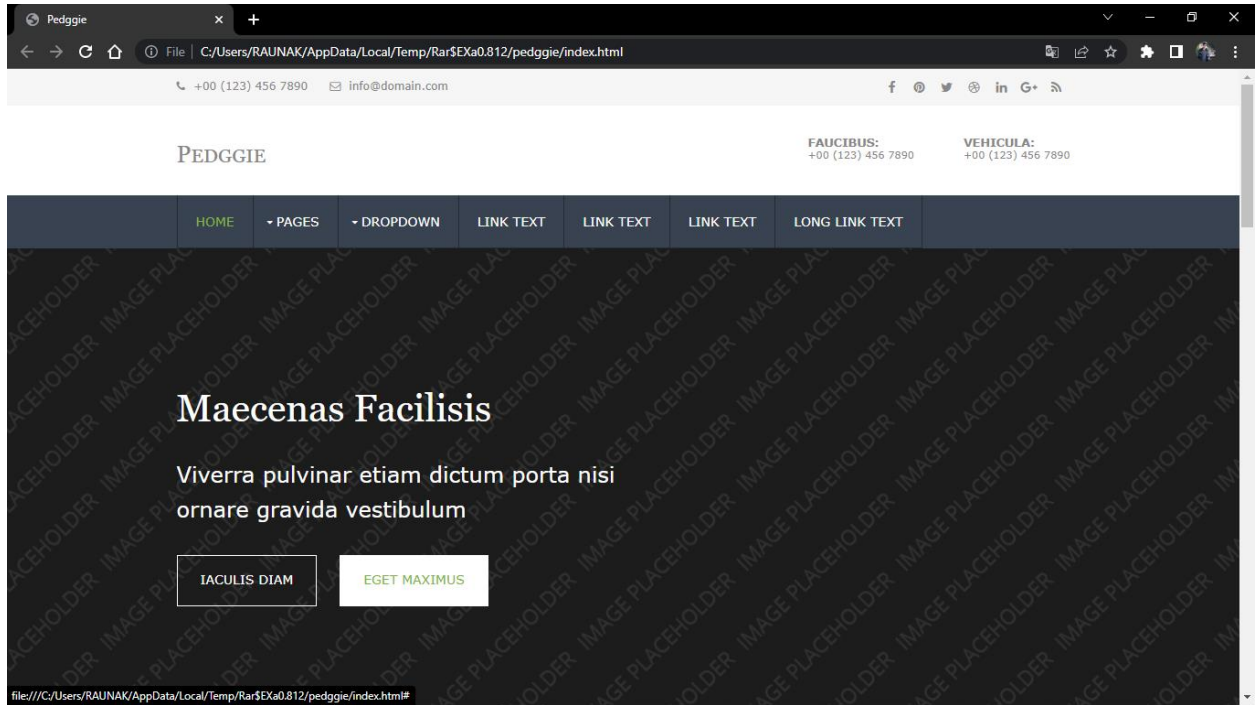

## 2.3. LOCALHOST –

For using server part I'm using XAMPP Control Panel as a localhost server. Activating 'Apache' and 'MySQL' in the control panel and then search in the browser 'localhost/phpmyadmin'. It shows up the local hosting panel.

## 2.4. THEME –

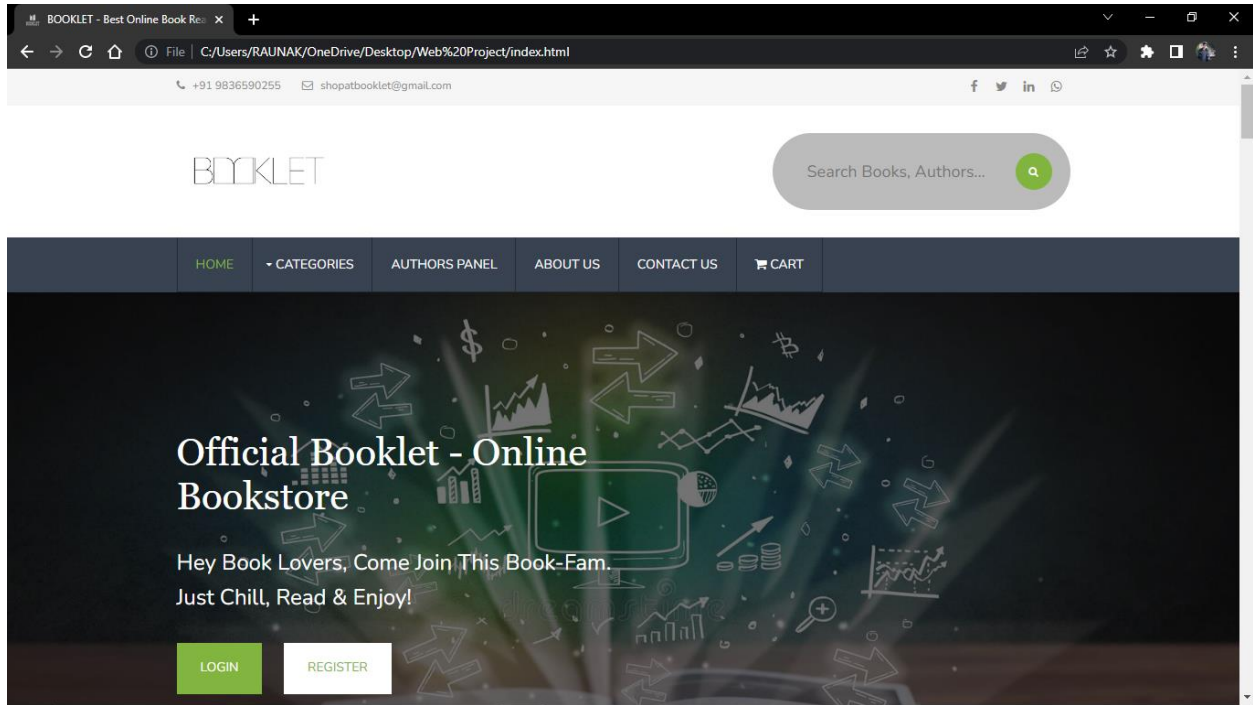

- ✚ Template Name: Pedggie
- ✚ Author: OS Templates
- ✚ Author URL: <http://www.os-templates.com/>
- ✚ License URL: <http://www.os-templates.com/template-terms>

## 3. PROJECT OVERVIEW

## 4. FUTURE SCOPE

In different situation this project can be easily implemented. As per need, we can add new certain features, we will always keep updated our site keep focusing on that site will remain more likely user friendly.

Online payment systems can also be included in this plan. This helps customers pay online with a credit or debit card for their purchases. There are a number of enhancements to this project increasing profitability this project.

Our passion for eco-friendly cleaning products drove them to so that Booklet can offer our readers the best books. We are now serving customers around the world and we are excited to be able to turn our passion into our own website.
